

Beastro Menu

Address: 5555 W Zoo Blvd, Wichita, KS 67212, United States

Beastro, located at 5555 W Zoo Blvd in Wichita, KS, delivers a unique dining experience amidst the attractions of Sedgwick County Zoo. Patrons have praised the restaurant for its impressive offerings, especially the burgers and pizza. Customer Stacy Robinson noted the generous size of the pizza and the well-crafted burger, perfect for a family lunch during a zoo visit. The quick computer ordering system adds to the convenience.

Meanwhile, Troy Jantz describes Beastro as a “next-level” dining choice for zoo-goers, highlighting the restaurant's commitment to innovation in their menu. However, some diners, like Shreenath Santhanakrishnan, found the falafel burger decent but not extraordinary, stating that the flavors felt somewhat lacking. The fries, however, received nods for their crispiness and seasoning.

Despite some mixed reviews on certain dishes, Beastro remains a solid stop for families seeking a meal without straying too far from the animal encounters.
